Meadowbrook has been under a microscope for a while now, and the media just doesn't understand who we are. We have given them perfect reason to love us, but nobody is going to understand until they have stepped into the shoes of a MBK student.

This book lets everyone see into our hearts, our souls, and our spirit. They can see the true MBK through the seasons of the school year. This yearbook lets everyone truly understand why we love this school and all the good it has done throughout the year.

# EDITOR

Dear Monarchs,

It has been my privilege to be a part of the Yearbook staff over the past 3 years. I've always tried my best to make the yearbook as appealing as possible to all who read & purchase it. This years book, in my opinion, is the most creative and vibrant book that I've worked on. The staff has been terrific and we all have worked very hard. I hope that I have helped each of them achieve their individual goals. Being Editor this year was a pleasure and has made my senior year extremely exciting. Who knew that being accepted to the Staff as a sophomore would lead me to a career as a photographer. As I leave to head off for college, the yearbook memories that I've made will always be in my heart and soul. I hope that everyone enjoys the book both now and forever. Maybe when you've gone off and achieved all your dreams, you will look back with a smile as you remember all the memories that we've captured for you.

Sincerely your Editor,

Jade Dunlap

# Cast In

## Obama: Democratic Party [President]

Economic Crisis Relief: Which he gives businesses an incentive to create new jobs, which would offer a tax credit of \$3000 per new hire in the U.S.

Taxes: About 95% of working couples would get a \$1000 tax cut

Energy: Short-term, would tap America's strategic oil reserves to lower prices at the pump

Education: Would expand early-childhood education

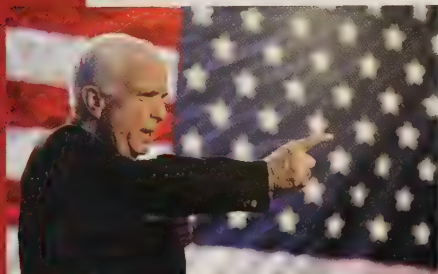

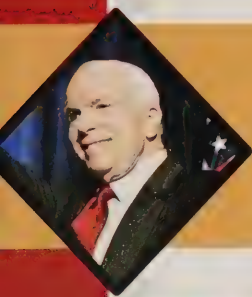

Iraq and Afghanistan: From the start, opposed the war as a distraction from fighting terrorism in Afghanistan

This year is the year for change. Six different candidates ran for the presidency and each one had very similar ideas, many people were unsure of who to vote for!

# Your Ballot

## McCain: Republican Party [Runner-up]

*Economic Crisis Relief: Citizens 59 or older would be allowed to withdraw money from their retirement accounts at a tax rate of 10% until 2010*

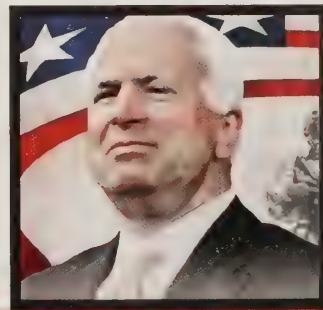

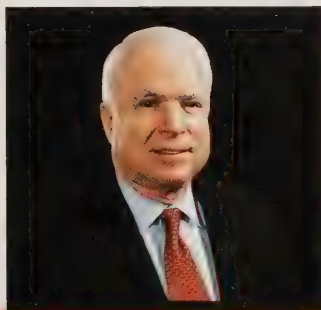

*Taxes: wants to make permanent all Bush-era tax cuts, except repeal of the estate tax, which would be reinstated at 15%, with a \$10 million-per-couple exemption before any tax kicked in.*

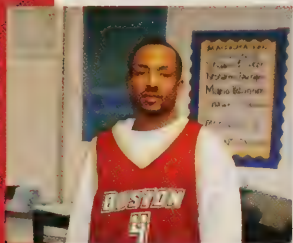

*Energy: Wants to expand offshore oil-drilling on the outer continental shelf and build 45 new nuclear power plants by the year 2030*

*Education: Would champion school choice, charter schools, and vouchers; strengthen No Child Left Behind; and crack down on earmarks for university research projects*

*Iraq and Afghanistan: Supported the Iraq War from the start and predicted a "surge" in U.S. troop levels overseas*

When it came down to it, only one did win. Change is here, and everyone should be happy because it's one giant step for the country we love, the United States of America!

# Why Clubs?

Clubs are the most thriving, hot spot at MBK. Joining a club that interests you and your personality, allows you to meet new people, while having fun. By listing a club on a college application, you allow the college to see into your personality. It's like planning your future, while making new friends and enjoying your time in high school.

# Why You?

Now is the time to take charge of your future and hold on tight. Colleges are looking for the total package, which includes grades and school involvement. Clubs can also allow you to get on a personal level with teachers, which may be helpful in the future.

Be yourself and join a club at MBK!

# Jazmine Hatcher

You are all I ever dreamed a daughter would be. You are my first born, and I have enjoyed watching you grow. It seems just like yesterday you were just learning to walk and talk. You have developed into a fine young lady, and an awesome basketball player. You can achieve anything in life, but you have to work hard at it, and be dedicated to it. The time has come and I dread it, that a mom has to let go and let you make your own decisions and mistakes, but remember I will always be a phone call and a tank of gas away. The best decisions are the ones that best benefit you, be a leader and not a follower. People who have accepted you for who you are, those are your true friends, don't change. Whatever you decide to do, be good at it, and set a good example, your sister will be watching. In life, anything is possible, but you must put God first.  
Love always, Mom

To my daughter Jazmine,  
I was blessed on May 9th when you became a part of my life. It's a part of my life that's been so rewarding watching you grow into a superstar basketball player, in which I had the honor of coaching you during your AAU season with U-Turn. I watched you start when you couldn't go down the court without dribbling off your feet now you are dribbling behind your back and backwards and you continue to strive to be the best. I congratulate you on your senior year and wish you all the success in your very bright and going future.  
Love You, Dad

# Jade Dunlap

It has been my greatest blessing to have had the privilege of nurturing and guiding you along the path to becoming the accomplished young lady you are today. Words can't express the pride and joy your family has in your success.

Congratulations & We Love you!  
Ma, Bailee and Grandma

As you go forth to make your mark on the world, Remember these 4 things : Always separate yourself from the stupid, Always believe in your ability to succeed even when others do not, Always know your family has your back, and most importantly, Always let God be your guide in all things.

*Young woman, Our joy and  
Our heart,  
You've reached the end  
Only to find a new start.  
The world sees the young woman  
With her charm and her smile,  
But behind the young woman,  
We will always see the child.  
Congratulations,  
We are so proud of you!!
